

THE CITY

Buenos Aires, the capital of Tango, also well known as "the Paris of the South", is a fascinating combination of European modern trends and Latin American passion and charm. Buenos Aires disposes of architecture, art, music, nightlife and incomparable offer of cultural activities.

THE SCHOOL

CHE Buenos Aires was founded in 2008 and is managed by a Swiss. It is member of the Argentine Language School Association (SEA) and has signed an agreement with the National University of Technology (UTN) in 2010 which is recognized by the Argentine Ministry of Education.

CHE is a small and therefore very well-run language school located in the "Congreso" neighbourhood, just one block away from the various theaters and cultural centers located on "Avenida Corrientes", also known as the city's Broadway. It is a vibrant neighborhood with plenty of trendy restaurants, bars and cafés suiting any taste.

Due to the school's central location and its excellent connection to public transport you can reach the bohemian San Telmo as well as the trendy Palermo only minutes away. Many sights like the "Teatro Colon", the Congress, the well-known "Avenida de Mayo" or the famous "Obelisco" are situated only within a few minutes walking distance.

The classrooms are located on the ground floor of a 3-storey building which is also used as a residence for students and tourists. CHE offers a reception hall, kitchen and a student lounge with internet corner (incl. WIFI in the whole building).
